SQUAREWAVE SYNTH WORKSHOP BUILDING ELECTRONIC SOUNDS

Your heart beats for electronic sounds and you've always wanted to experiment with them yourself? At this workshop, you will learn about the basics of electronics and assemble a circuit board which creates drones with three oscillators and various steering possibilities.

Useful to bring with you, but not a must: Bluetooth speaker, soldering iron.

--> Material costs to be covered: 10€

Mit: stefan*voglsinger von setzkasten.wien & Uli Kühn von studiopraxistest.praxistest.cc

* FLINTQ* WORKSHOPS are only open to women*lesbian*inter*non-binary*trans*queer persons.

** Please bring textiles such as: bags, T-shirts, tea towels, fabric remnants, etc. The textiles should be light (white or coloured) without buttons, zips or pockets (or sufficiently far away from the printing area). We use water-based screen printing paints, which can be subsequently washed at max. 40°C.
